OBJECTIVE

- EDC IIT Delhi certified full stack web developer python,sql ,django with 3 industry oriented projects like semantic documentation search engine using RAG , plant disease identification system by CNN and personal expense tracker with analytics and working as bussiness consulatnt with local bussiness owner to improve my soft skills

EDUCATION

- **Shri Shankar Prasad Agnihotri College Of Engineering** Wardha, India
Bachelor of Technology - Computer science engineering; GPA: 8.2 dec- 2021 - june 2025

SKILLS SUMMARY

- **Languages web :** Python, JavaScript, React, bootstrap, API integration
- **Backend APIs:** Django framework, Rest APIs
- **Databases:** MySQL, MYSQL server
- **Cloud DevOps:** AWS(EC2,S3,IAM), Docker, Kubernetes
- **AI Emerginng Tech:** Transformers, Langchain, FAISS,RAG Pipelines
- **Software Engineering:** OOP, Git, Github, Debugging, Data Structures Algorithm

INTERNSHIP

- **java by kiran academy** feb 2025 - nov 2025
Python Full Stack Developer
 - Developed UI with HTML, CSS, JavaScript, Bootstrap, React.
 - Designed MySQL schemas and implemented CRUD using Django ORM.
 - Used Git/GitHub for version control and collaborative development.
 - Integrated React + DRF for smooth data exchange.

PROJECTS

- **Semantic Document Search Engine using RAG (Python, FAISS, LangChain, Sentence-Transformers, Streamlit):**
Developed a semantic search engine using RAG architecture for contextual document retrieval.
Built pipeline for document parsing using PyPDF2 and PDFPlumber.
Stored embeddings in FAISS Vector DB; implemented retrieval logic with LangChain. (november 25)
- **Plant Disease Identification System (CNN) (Python, CNN, TensorFlow/Keras, NumPy, Pandas, Streamlit, Docker):**
Implemented a CNN-based image classification model for plant disease detection.
Preprocessed images using OpenCV and trained using TensorFlow/Keras.
Built an interactive UI using Streamlit for user uploads and predictions.
Containerized project using Docker for deployment. (april 24)
- **Personal Expense Tracker with Analytics(REST Framework, React, Tailwind, Pandas, Plotly):**
Built a full-stack expense analytics system with Django REST Framework.
Managed user-level expense data using MySQL database.
Integrated analytics using Pandas, Plotly, and Matplotlib.
Designed frontend with React + Tailwind CSS.
Implemented secure CRUD operations and version control using Git/GitHub. (March '18)

EXPERIENCE

Abhyuday, IIT Bombay & IIP

Business Development Executive

jan 2024 - nov 2025

- Understood client needs and delivered solutions aligned with their goals.
- Communicated effectively with students, parents, and team members.
- Recognized as Intern of the Month for exceeding sales targets.

self project -freelance

Business Consultant

- Researched digital marketing needs of local businesses (dieticians, clinics small service providers)
- Practiced creating online growth strategies to improve customer/patient inflow.
- Designed sample social media content, landing pages funnel structures as part of self-initiated projects.

COURSES & CERTIFICATE

- Full-Stack Development (Python, HTML, CSS, JavaScript, Django, SQL) — Kiran Academy
- AI Tools Prompt Engineering — EDC IIT Delhi IIP
- Python Programming — EDC IIT Delhi IIP
- Artificial Intelligence (AI) — EDC IIT Delhi IIP
- Machine Learning (ML) — EDC IIT Delhi IIP
- Full-Stack Web Development — EDC IIT Delhi IIP
- Business Consulting Digital Growth — EDC IIT Delhi IIP

AWARDS & ACHIEVEMENT

- **Intern of the Month — Indian Institute of Placement (IIP) & Abhyuday, IIT Bombay**
Awarded for outstanding performance in business development and student outreach.
- **Excellence Award – AIpreneur Web Implementation Challenge — EDC IIT Delhi & IIP**
Recognized for innovative web implementation and strong logical thinking.
- **Achievement Award – AI-Powered Project Implementation Challenge — EDC IIT Delhi & IIP**
Honored for building an end-to-end AI-based project with practical impact.

EXTRA-CURRICULAR ACTIVITY

- **Self-Made Millionaire Program**
Completed advanced training in entrepreneurship, financial planning, and strategic decision-making.
- **Teamwork & Communication Appreciation**
Acknowledged for exceptional collaboration, leadership, and communication during multiple academic and organizational activities.
